

Accessing ParentsWeb

RenWeb School Management Software gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success!

RenWeb's ParentsWeb is a private and secure parents' portal that will allow parents to view information specific to their children, while protecting their children's information from others. You may view your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- Make sure that the school has your email address in RenWeb. We converted the email address you gave us last year at registration. If you are unsure of your email address, call the school and we will let you know the correct address.
- In Internet Explorer, Firefox, or Safari, (Chrome is not available at this time) go to www.renweb.com and click **Logins**.
- Type the school's **District Code** **OC-LA** (not case sensitive)
- Click **Create New ParentsWeb Account**.
- Type your email address and click **Create Account**. An email will be sent which includes a link to create your ParentsWeb login. The link is active for 6 hours.

- Select the **Click to Create your ParentsWeb login** link.
- A web browser displays your **Name** and RenWeb **Person ID**.
- Type a **User Name**, **Password**, and **Confirm** the password.

A screenshot of the "Change/Create Password" form. The form has five input fields: "Name" (Callie Johnston), "Person ID" (11519), "User Name" (cjohnston), "Password" (masked with dots), and "Confirm" (masked with dots). There is a "Save User Name and/or Password" button at the bottom right.

- Click **Save User Name and/or Password**.
A message displays at the top of the browser, "**User Name/Password successfully updated.**"

User Name/Password successfully updated.
