

HOW DO WE BENEFIT ?

The idea behind Unified Journeys is that by connecting individuals, families, schools, and communities, we can share perspectives and mutually improve our understanding of one another. We have seen many times that students who participate in multicultural programs not only complement their academic and spiritual growth, but also learn the importance of awareness, acceptance, and sharing of different perspectives.

FAQ ABOUT FIDELIS

ABOUT US

Unified Journeys is a one-of-a-kind, life-enriching opportunity for middle and high school students and their families. Through this eight-week program, participants become part of a larger cultural and educational family.

Unified Journeys students (12-17 years old) jump right in and share everyday life with their host families, including school, sports, fine arts, trips, and other activities, while host families in turn share their homes, values, and traditions with their students.

All expenses (airfare, transportation to/from your city, full medical insurance, and spending money) are paid by each student.

Please consider offering this wonderful experience to your family and your school and in the process, unifying our world through new and lasting friendships.
